DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Yoshigai U.S. Patent 4,051,924. Yoshigai shows all of the claimed subject matter of an adjustable mount assembly in Figures 1-10.

Regarding claim 1, an adjustable mount assembly comprising a pivot surface 20; a mount 23 defining a mounting surface carried by the pivot surface for movement relative to at least one of an x-axis, a y-axis, and a z-axis, where the z-axis is the axis of the pivot surface (movable in the z-axis by the bolt 16); and a locking mechanism configured to free the mount for movement and to restrain the mount against movement.
